ABSTRACT OF THE PROJECT

- ▶ Electronic commerce, commonly known as e-commerce refers to buying and selling of products or services over electronic systems
- ▶ This project is an attempt to provide the benefits of online shopping to the customers.
- ▶ The customers can search for clothing according to their requirements from a wide variety of brands available in our catalogue from all over India. Different people have different preferences when it comes to fashion. Hence, our user-friendly interface comes across as ideal, easy navigation on the site and relevant filter options to narrow down options.
- ▶ This website targets kids of all ages, men and women.

INTRODUCTION AND MODULE DESCRIPTION

The designed website contains the following functionalities:

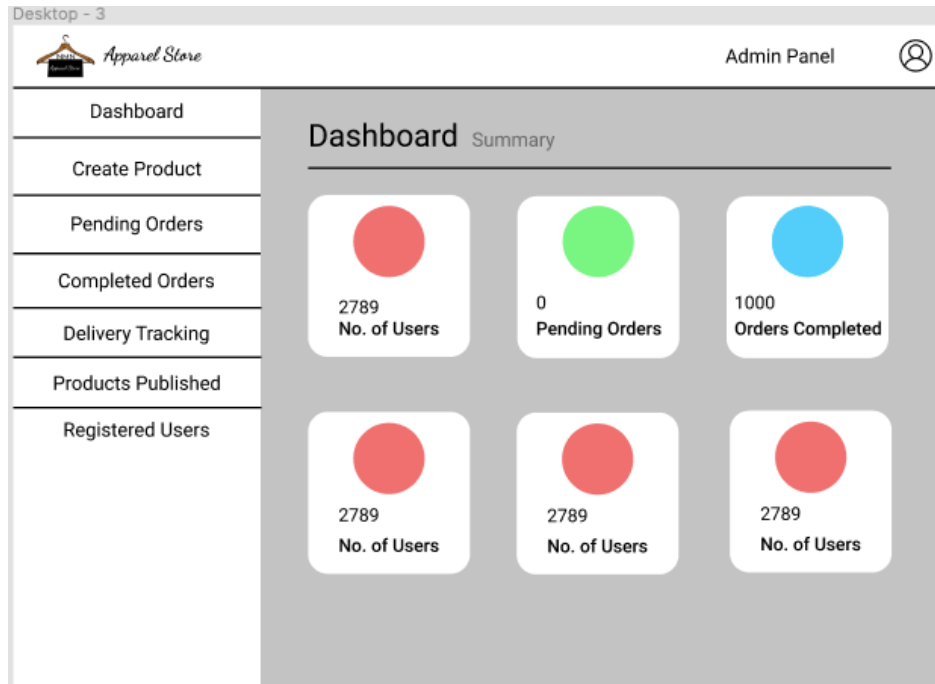

- **HOMEPAGE:** This is the first and main page and it serves as the starting point of the website.
- **REGISTER PAGE:** This is the page where the user can create a new account(Sign Up).
- **LOGIN PAGE:** Those who already have an account can make use of this page to Login and Logout.
- **ADMIN DASHBOARD:** The admin dashboard contains information like recent activity, recent orders, Managing products, users, orders and inventory.
- **USER DASHBOARD:** It displays the various categories and options along with pictures. It includes offers, discounts and notifications.
- **CART PAGE:** It contains all the products added to cart along with price details and options like delete, save for later, proceed to buy etc.
- **PROFILE DETAILS:** It contains basic information related to the user.

- **PRODUCT DETAILS:** This gives us a basic and brief description of the products along with coupons and various offers which might be applicable.
- **SEARCH PAGE:** This page provides product, brand and category related search along with the results. It also consists of filter option which allows selection of size and other options.
- **ACCOUNT SETTINGS:** It allows the user to change details, track orders, change payment method or address and other settings.

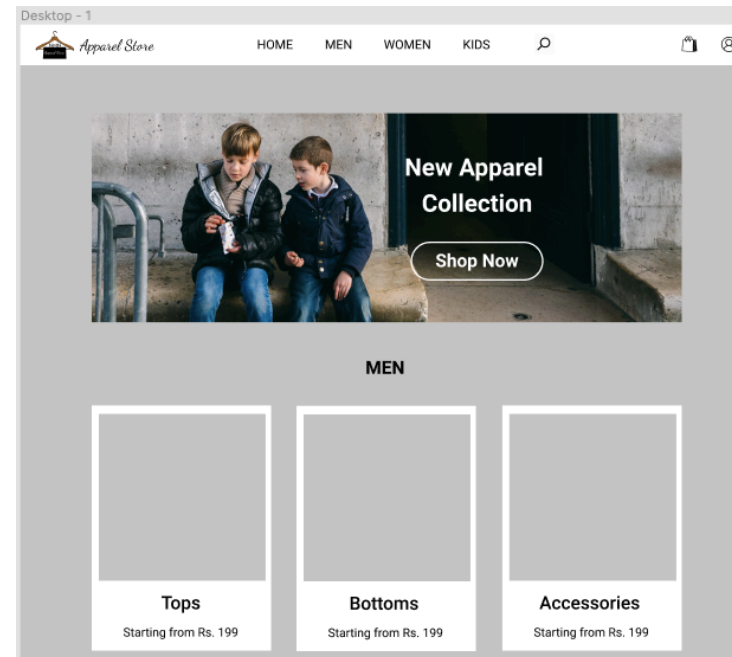

WEBSITE DESIGN

Here are a few pages we have designed. We are working on building these currently:-
